GEORGE THE THIRD, by the Grace of God, of Great Britain, France, and Ireland, King, Defender of the Faith, &c. To ALL TO WHOM these Presents shall come, WHEREAS our Royal Predecessor, King Edward IV., by certain Letters Patent, under the Great Seal of England, bearing date the 24th Day of February, in the first Year of his Reign, did at the Supplication of the Freemen of the Mystery of Barbers of the City of London, using the Mystery or Faculty of Surgery, grant to them, among other Things, that the said Mystery, and all the Men of the same Mystery of the said City, should be one Body and Perpetual Community, and that two Principals of the same Commonalty, of the most expert Men in the Mystery of Surgery, might, with the assent of twelve or eight Persons at the least, of the same Community, every Year elect and make out of the Community, two Masters, or Governors, being the most expert in the Mystery of Surgery, to oversee, rule, and govern, the Mystery and Commonalty aforesaid.

Recital of the Letters Patent of 1st Edward 4th;

incorporating the Freemen of the Mystery of Barbers of the City of London.

AND WHEREAS by an Act of Parliament, made and passed in the 32d Year of the late King Henry VIII. intituled for Barbers and Surgeons, after reciting, that, within the City of London, there were then two several and distinct Companies of Surgeons, occupying and exercising the Faculty of Surgery, one Company called the Barbers of London, and the other Company called the Surgeons of London. It was thereby enacted, That the said two several and distinct Companies of Surgeons should from thenceforth be united, and made one intire and whole Body Corporate, and one Commonalty Perpetual, which at all times thereafter should be called by the Name of the Masters or Governors of the Mystery and Commonalty of the Barbers and Surgeons of London; and by the same Name to implead and be impleaded before all manner of Justices, in all Courts, and in all manner of Suits.

Of the Act 32d Henry 8th.

By which the two Companies of Barbers of London, and Surgeons of London were united.

Of the Letters Patent of 5th Charles 1st.

Which confirmed to such united Company all the possessions, franchises and liberties which the said Company then held and enjoyed,

with power to make annual Elections of Masters or Governors whereof two to be Professors in Surgery; and to elect ten Freemen to be Examiners.

Recital of the Act of 18th of George 2d.

by which the Union of the two Companies was dissolved;

and which constituted a distinct Company of Surgeons, by the Name of "The Master, Governors, and Commonalty of the Art and Science of Surgeons of London."

Recital that such Corporation was dissolved.

AND WHEREAS, in and by certain Letters Patent, under the Great Seal of England, bearing Date the 15th Day of August, in the 5th Year of the Reign of His late Majesty, King Charles I., reciting that the Men of the same Companies enjoyed divers Liberties and Franchises within the City of London, the Suburbs and Liberties thereof, by virtue of divers Acts of Parliament, and divers Charters, and Letters Patent, His said Majesty did grant and confirm unto the said Masters and Governors of the Mystery and Commonalty aforesaid, and their Successors, all and singular the Manors, Messuages, Lands, Tenements, Customs, Liberties, Franchises, Immunities, Jurisdictions, and Hereditaments, whatsoever, which the Men of the said Companies then held, used, and enjoyed, by any lawful Means or Title whatsoever: And his said late Majesty did thereby give power to the said Corporation, to make annual Elections of Masters or Governors of the said Commonalty, whereof two to be Professors in the Art and Science of Surgery; and also to elect and constitute ten of the Freemen of the said Society to be Examiners of Surgeons in London.

AND WHEREAS, by an Act of Parliament, made and passed in the 18th Year of the Reign of our late Royal Grandfather, King George II., intituled "An Act for making the Surgeons of London, and the Barbers of London, two separate and distinct Corporations," It was enacted, that the said Union and Incorporation of the Barbers and Surgeons of London, made and effected by the aforesaid Act of the 32d Year of King Henry VIII. should, from and after the 24th Day of June, 1745, be dissolved and declared void and of no effect; and that such of the Members of the said united Company who were Freemen of the said Company, and admitted and approved Surgeons, within the Rules of the said Company, and their Successors, should from thenceforth be made, and they were thereby made and constituted, a separate and distinct Body Corporate and Commonalty Perpetual, which at all times thereafter were to be called by the Name of Master, Governors and Commonalty of the Art and Science of Surgeons of London, and by the same Name might implead and be impleaded before all manner of Justices, in all Courts, and in all manner of Actions and Suits, and take to them and their Successors, Lands, Tenements, Rents, or Hereditaments, not exceeding the yearly Value of £200 in the whole.

AND WHEREAS, we are informed that the said Corporation of Master, Governors, and Commonalty of the Art and Science of Surgeons of Lon-

don, hath become and now is dissolved: AND WHEREAS, it is of great consequence to the Commonweal of this Kingdom, that the Art and Science of Surgery should be duly promoted: AND WHEREAS, it appears to us, that the Establishment of a College of Surgeons will be expedient for the due promotion and encouragement of the Study and Practice of the said Art and Science, Now WE, of our special Grace and mere Motion, and at the humble Petition of JAMES EARLE, Esquire, the late Master, and divers other Members of the aforesaid late Corporation of Surgeons; have willed, ordained, constituted, declared, given and granted, and by these Presents, for Us, Our Heirs, and Successors, do will, ordain, constitute, and declare, give and grant; unto the aforesaid JAMES EARLE, and unto all the Members of the said late Company or Corporation of Master, Governors, and Commonalty of the Art and Science of Surgeons of London; having been admitted and approved Surgeons, within the Rules of the said Company; and also unto all such Persons, who upon, or since, the dissolution of the said Corporation, shall have obtained Letters Testimonial, under a Seal purporting to be the Seal of the said late dissolved Corporation, authorizing them to practise the Art and Science of Surgery; and they, from henceforth for ever hereafter, shall be and remain by virtue of these Presents, one Body Corporate and Politic; by the Name of THE ROYAL COLLEGE OF SURGEONS IN LONDON, and by the same Name shall and may have perpetual Succession, and a Common Seal; with power to break, alter, and make anew the said Seal, from time to time at their will and pleasure; and by the same Name shall and may implead, and be impleaded, before all manner of Justices, in all Courts, and in all manner of Actions and Suits; and shall be at all times for ever hereafter persons able and capable in Law to take, purchase, possess, hold, and enjoy, and shall and may take, purchase, possess, hold and enjoy, a Hall or Council-house, with its Appurtenances, situate within the Cities of London or Westminster, or within one Mile of either of them, for the use and purposes of the said College; and also any other Lands, Tenements, Rents, or Hereditaments, wheresoever situate, lying and being; not exceeding, together with the aforesaid Hall or Council-house, and its appurtenances, the yearly value of one thousand Pounds in the whole; without incurring any of the Penalties in any Statute of Mortmain, or any Thing, in any Statute of Mortmain, to the contrary notwithstanding.

and that a College will be expedient for the due encouragement thereof.

Therefore His Majesty was pleased to incorporate the Members of the late Company, and all such Persons who since the Dissolution thereof have obtained Letters Testimonial &c.

By the name of "The Royal College of Surgeons in London."

With perpetual succession and a common seal;

THE COUNCIL.

The Council, the governing body of the College, consists of twenty-four Members, three* of whom go out in rotation annually in July, but are eligible for re-election by the Fellows of the College. All proceedings of the Court of Examiners, the Board of Examiners in Anatomy and Physiology, the Midwifery and Dental Boards, and the several Committees are reported to the Council for approval and confirmation. The Meetings of the Council are generally held in each month of the year, except in the month of September, and at such other times as the business of the College may require.

* If in any year one of the three retiring Members be President of the College, he does not go out of office until the succeeding year.

THE COURT OF EXAMINERS.

The Court of Examiners consists of ten Members elected by the Council from the Fellows of the College. The Court superintends the carrying out generally the regulations of the Council relating to the professional education of Students, and conducts the Pass Examinations in Surgery and Surgical Anatomy of Candidates for the Diplomas of Fellow and Member of the College.

THE BOARD OF EXAMINERS IN ANATOMY AND PHYSIOLOGY FOR THE FELLOWSHIP.

The Board consists of nine Members annually elected by the Council from the Fellows of the College. The Board conducts the Primary Examinations in Anatomy and Physiology for the Diploma of Fellow.

THE EXAMINERS IN ANATOMY AND PHYSIOLOGY FOR THE MEMBERSHIP.

The Examiners in Anatomy and Physiology appointed, in conjunction with the Royal College of Physicians, under the Scheme for an Examining Board in England, are elected annually. They conduct the Primary Examination for the Diploma of Member under the old Regulations as well as the Second Examination of the Examining Board.

THE EXAMINERS IN ELEMENTARY ANATOMY AND ELEMENTARY PHYSIOLOGY.

The Examiners in Elementary Anatomy and in Elementary Physiology appointed, in conjunction with the Royal College of Physicians, under the Scheme for an Examining Board in England, are elected annually. They conduct the First Examination, in the subjects mentioned, of the Examining Board.

THE BOARD OF EXAMINERS IN MIDWIFERY.

There have not been any appointments of Examiners made during the last ten years, and the Examinations are suspended until further notice.

BOARD OF EXAMINERS IN DENTAL SURGERY.

The Board consists of six Members elected by the Council for five years, viz.:—three Members of the Court of Examiners of the College, and three other persons skilled in Dental Surgery. The Board conducts the Examination of Candidates for the Diploma in Dental Surgery of the College.

THE SECRETARY'S REPORT.

Secretary's Report. THE Secretary's Report prepared in pursuance of the resolution of the Council of the 9th of December, 1880.

Ordinary Council in August 1886. ORDINARY MEETING OF THE COUNCIL ON THE 5TH OF AUGUST, 1886.

At this Meeting the following resolutions relating to Mr. William Yelverton Davenport and Mr. Edwin William Alabone respectively were adopted, viz. :—

Wm. Yelverton Davenport, convicted of perjury, not to be admitted a Member.

That the Council concur in the opinion of the Court of Examiners that William Yelverton Davenport, who was convicted of perjury on the 6th of January 1882 and sentenced to twelve months' imprisonment with hard labour, is unfit to be admitted a Member of the College, and that accordingly he be not admitted to any further Examination in Midwifery, and be also refused admission as a Member, should he in the meanwhile obtain any qualification exempting him from any further Examination in that subject.

Mr. Alabone removed from being a Member carried *nem. con.*

That Mr. Edwin William Alabone, admitted a Member of the College on the 17th of May 1870, has, in the opinion of the Council, advertised or published matters prejudicial to the interest and derogatory to the honour of the College and disgraceful to the profession of Surgery, and has further been guilty of a breach of the Declaration made by him on his admission as a Member, whereby he undertook to demean himself honourably in the practice of his profession, and to the utmost of his power to maintain the dignity and welfare of the College, and that he accordingly be removed from being a Member of the College.

The following correspondence in reference to the Society of Apothecaries was read to the Council, viz. :—

A letter of the 21st July, 1886, from the Master of the Society of Apothecaries of London, addressed to the President, inviting the College to admit the Society as a party to the Combined Examination of the two Colleges.

Letter from Master of Society of Apothecaries inviting College to admit Society to Conjoint Scheme.

A letter of the 30th July, 1886, from Sir Henry Pitman, Registrar, enclosing a copy of a resolution adopted by the Royal College of Physicians on the 29th July, 1886, in reference to a similar communication received by the President of that College from the Master of the Society of Apothecaries of London.

Letter from Sir H. Pitman enclosing copy of resolution of Royal College of Physicians referring to Presidents' appointment of Committee to consider subject and report.

The enclosed Resolution, adopted at a General Meeting of the Royal College of Physicians on the 29th of July, 1886, as follows, viz. :—

“That the letter from the Society of Apothecaries be referred to a Committee to be appointed by the Presidents of the two Colleges, and that the Report of the Committee be presented to the two Colleges in October next.”

The Council adopted the following resolution thereon, viz. :—

That it be referred to the President to appoint, on behalf of the Council, an equal number of Representatives of this College to serve on the Committee as shall be appointed by the President of the Royal College of Physicians on behalf of that College, the said Joint Committee to consider the letter from the Society of Apothecaries, and to report thereon to the two Colleges as soon as possible.

President to appoint representatives on behalf of Council on Committee to consider and report to Colleges on letter from Society of Apothecaries.

QUARTERLY MEETING OF THE COUNCIL ON THE 14TH OF OCTOBER, 1886.

Quarterly Council in October 1886.

The President reported the decease, on the 10th of August last, of Mr. George Busk, F.R.S., a past President, Member of the Council, and Member of the Court of Examiners of the College, and the following unanimous resolution was adopted by the Council, viz. :—

President reports decease of Mr. Busk.

That the Council desire to express their deep regret at the death of their late colleague Mr. George Busk, and their sincere sympathy with Mrs. Busk and the members of his family.

Unanimous vote of condolence with Mrs. Busk and family.

That they gratefully remember Mr. Busk's earnest and

judicious work while he was a Member of the Council and of many of the College Committees: that they feel that the College has lost one of its most distinguished Fellows, one who conferred honour on the College and on the whole profession of Surgery, not only by his admirable skill in practice, but by the eminent position among men of science which he gained by his original researches and rare knowledge in many branches of Biology.

And that for these reasons, as well as for his admirable personal character, the Council are sure that his name will always be held in honour.

Report of
Committee of
Management
approved,
adopted, and
to be entered
on Minutes.

The following Report from the Committee of Management was approved, adopted, and directed to be entered on the Minutes, viz. :—

EXAMINING BOARD IN ENGLAND

BY THE

ROYAL COLLEGE OF PHYSICIANS OF LONDON

AND THE

ROYAL COLLEGE OF SURGEONS OF ENGLAND.

REPORT OF THE COMMITTEE OF MANAGEMENT.

Report.

THE COMMITTEE OF MANAGEMENT for an EXAMINING BOARD IN ENGLAND beg leave to Report to the two Colleges on the following Subjects:—

- I. On the Staff required for the Examination Hall.
- II. On a Recommendation of the Committee.
- III. On the Retirement of two Members of the Committee.

Section I.—On the 29th of June last it was referred to the Committee “to consider what staff should be appointed, and under what conditions, for the efficient Management and conduct of the business of the Examination Hall, and to report to the two Colleges.”

The subject has been carefully considered by the Committee, and they now submit a list of the Staff they believe to be necessary, with the salaries suggested for each official.

ESTIMATED STAFF REQUIRED FOR THE EXAMINATION HALL.

Secretary	£500 per annum.
2 Senior Clerks (£130 each)	260 „
1 Junior Clerk, £1 10s. per week	78 „
Bedell and Housekeeper, with apartments ..	130 „
Porter, with apartments, £1 per week ..	52 „
Engine-man, with apartments, £1 per week ..	52 „

£1,072

The sum of £1,072 must not be supposed to be an increase on the present cost of conducting the Examinations, for when these are removed to the new building, the business now conducted at the two Colleges will be greatly lessened, and the staff at each will therefore be reduced.

In addition to these appointments, which may be considered permanent, occasional temporary assistance will be required in the dissecting department and laboratory, and for keeping clean the several parts of the building. The additional expense for meeting these requirements cannot at present be accurately estimated, but every care will be taken to exercise economy in these matters.

The Committee recommend that the two Colleges should give them authority to define the duties of the several officials, and to nominate for appointment, by the two Colleges, persons properly qualified for the several offices.

Section II.—The Committee of Management being unanimously of opinion that Students who are referred at the Second or Third Examination should be required, before admission to re-examination, to give proof of additional study of the subject or subjects in which they have failed to pass, submit the following Regulations for the consideration of the two College :—

REGULATIONS relating to Candidates referred at the Second and Third or Final Examination of the Examining Board.

SECOND EXAMINATION.

A Candidate referred on the Second Examination is required, before being admitted to re-examination, to produce a Certificate that he has pursued, to the satisfaction of his Teacher or Teachers, in a recognized place of study, his Anatomical and Physiological Studies, or his Anatomical or Physiological Studies, as the case may be, during a period of not less than three months subsequently to the date of his reference.

THIRD OR FINAL EXAMINATION.

A Candidate referred on the Third or Final Examination is required, before being admitted to re-examination, to produce a Certificate, in regard to Medicine and Surgery, of having attended the Medical and Surgical Practice, or the Medical or Surgical Practice, as the case may be, at a recognized Hospital, for a period of not less than six months subsequently to the date of his reference ; and, in regard to Midwifery, a Certificate of having received, subsequently to the date of his reference, not less than three months' practical instruction in that subject by a recognized Teacher.

Section III.—In pursuance of the provisions of Section VI. of the Scheme for an Examining Board, by which one representative

from each College is required to retire annually from the Committee of Management, both retiring representatives being eligible for re-appointment, Sir Joseph Lister, Bart., and Dr. Ord retire from the Committee.

Report.

The following Report, dated the 18th of October, 1886, of the Committee of Delegates from the Royal College of Physicians of London and the Royal College of Surgeons of England on the letter addressed by the Master of the Society of Apothecaries to the two Presidents was approved and adopted *nem. con.*, and directed to be entered on the Minutes, viz. :—

THE Conjoint Committee, appointed by the President of the Royal College of Physicians of London, and the President of the Royal College of Surgeons of England, to consider and report on the letter, dated July 1886, addressed to the respective Colleges by the Society of Apothecaries of London, consisted of the following Members, viz. :—

As representing the Royal College of Physicians.

The President, Sir WM. JENNER, Bart., K.C.B.
The Treasurer, Sir DYCE DUCKWORTH.
The Registrar, Sir HENRY PITMAN.
Dr. ORD.
Dr. ALLCHIN.

As representing the Royal College of Surgeons.

The President, WM. S. SAVORY, Esq.
The Vice-Presidents { JONATHAN HUTCHINSON, Esq.
 { Sir JOSEPH LISTER, Bart.
Sir JAMES PAGET, Bart.
JOHN MARSHALL, Esq.

The Committee, having carefully considered the letter referred to them, beg leave to report as follows, viz. :—

Inasmuch as the Examination, conducted by the Examining

Board in England, constituted by the Royal College of Physicians of London and the Royal College of Surgeons of England, is a complete qualifying Examination in Medicine, Surgery, and Midwifery, conferring the right of registration under the Medical Act, a combination of the two Colleges with the Society of Apothecaries is, for Examination purposes, unnecessary, and, in the unanimous opinion of the Committee, is also undesirable.

Meeting read.

At a Meeting of the Fellows and Members held at the College on Thursday, the 4th of November, 1886, to receive a Report from the Council, the following Resolutions were carried, viz. :—

Resolutions.

I. That, in the opinion of this Meeting, it would conduce to the welfare of the Royal College of Surgeons, and would tend to promote the interests of Medical polity and education, (1) If Members of the College were empowered to take part (separately or conjointly with the Fellows) in the election of Members of the Council; (2) If Members of the College were eligible to sit in the Council, provided (*a*) That no Member of the College shall be entitled to vote till he have been such Member for a period of ten years, (*b*) That no Member of the College shall be eligible to sit in the Council till he have been such Member for a period of twenty years, and (*c*) That not more than one fourth of the Council shall consist of Members of the College who are not also Fellows.

II. That with a view to give effect to the recommendation in the foregoing Resolution, the Council is hereby respectfully requested to empower certain Members of its body to meet and confer with representatives of the Association of Fellows and of the Association of Members, together with, if necessary, an equal number of Fellows and Members who may not belong to either of the Associations, to be selected in any manner satisfactory to the Council.

III. That, with reference to the Report from Mr. John Marshall on p. 15 of the Council's Report, this Meeting requests the Council of the College to consider the advisability of accepting an arrangement for combination with the Apothecaries' Society, as well as the College of Physicians, for the purposes of conjoint examinations for Medical Diplomas in

England and Wales under the Medical Act of 1886, and to report thereon at a future Meeting of Fellows and Members, to be summoned for the purpose at an early date.

IV. That, in the opinion of this Meeting, the first method recommended by the Council for widening the basis upon which the Fellowship is obtained tends to lower the academic status of that Diploma, and, in the interest of Surgical education, is not advisable.

WILLIAM S. SAVORY,
President.

4th November, 1886.

The following resolutions were thereupon adopted by the Council, viz. :—

Opinion of Fellows to be taken on question of Members voting for and being eligible to sit on Council.

That means be taken to ascertain the opinion of the Fellows of the Royal College of Surgeons of England as regards :—

(a) Members being allowed to vote for Fellows as Members of Council ;

(b) The admission of Members of the College to seats on the Council.

President and Vice-Presidents to prepare Circular to be addressed to Fellows after approval by Council.

That it be referred to the President and Vice-Presidents to prepare a Circular embodying the foregoing inquiries, to be addressed to the Fellows of the College, and that such Circular be submitted to the Council at the next Meeting on the 9th prox.

REPORT, dated the 3rd of December, 1886, of the COMMITTEE
OF MANAGEMENT.

The Committee of Management beg leave to submit to the two Colleges the following recommendations for their approval and adoption, viz. :—

2. That the Committee be empowered to determine questions relating to exceptions to the conditions of admission to the several Examinations of the Examining Board in England.

3. That in the final part of paragraph xviii. Section II. of the Regulations of the Examining Board in England, relating to the interval of two years required to be spent in professional study between the date of passing the Second Examination and admission to the Third or Final Examination, the words "two Winter and two Summer Sessions" be substituted for "two years."

THE PRESIDENT.

THE VICE-PRESIDENTS.

The Committee, appointed on the 15th of October, 1885, to consider and report to the Council on the following Resolution, viz. :

That a Committee be appointed to consider the practicability of adding a Wing to the Museum of the College, to have for its especial (but not exclusive) object the display of Casts, Photographs, Drawings, &c., illustrating the results of Diseases and Injuries on the living subject,—

have held four Meetings, on the 19th of November, 1885, and on the 15th of February, 18th of November, and 6th of December, 1886, and have agreed to the following as their First Report to the Council, viz. :—

The Committee were unanimously of opinion, at their earlier

meetings on the 19th of November, 1885, and the 15th of February last, that an extension of the Museum was not only practicable but was much required, and with that view they obtained plans from Mr. Salter, Architect, showing how a new Wing might be added to the Museum.

On the further consideration of the subject, at their subsequent meetings on the 18th ultimo and on this date, the Committee came to the conclusion that in view of the increased Funds now about to be placed at the disposal of the College, it was desirable that the Council should confer greater powers on the Committee, and authorize them to consider and report on the much larger question of extending generally the College Premises so as to provide, in addition to the extension of the Museum, the much needed enlargement of the Library, and with that object the Committee recommend to the Council the adoption of the following recommendations, viz. :—

That, under the present altered circumstances of the College, it is desirable that the powers of the Committee be enlarged with a view to

- (1) The more perfect extension of the Museum.
- (2) The extension of the Library.
- (3) The addition of Workrooms.
- (4) The consideration of such other improvements as may suggest themselves to the Committee.
- (5) And the consideration of the increase of the Staff which the foregoing additions will necessitate.

6th December, 1886.

JAMES PAGET,
Chairman.

Council considered Circular to Fellows.

At this Meeting the Council, in pursuance of the notice in the Summons, proceeded to the consideration of the Circular, prepared by the President and Vice-Presidents, and to be addressed to the Fellows of the College, with a view to eliciting their opinions on the questions set forth therein.

Circular considered verbally altered, and approved.

The Council, having considered such Circular and made certain verbal alterations therein, the same was approved and adopted by the Council as follows, viz. :—

Circular.

SIR,

You are doubtless aware that by the Charter of the College, dated the 14th of September, 1843, "a new class of Members" was created "to be called Fellows," and in that Charter it was pro-

vided that none but Fellows should thenceforth become Members of the Council, and that the right of election of Members of the Council should vest in the Fellows alone.

The Council having decided to seek alterations in the Charters to enable Fellows to vote by voting-papers, without personal attendance, at the election of the Council, and to effect other changes therein, an application has been addressed to the Council by some Members of the College requesting the Council to seek further alterations in the Charters so as to enable Members to take part in the election of the Council and to be themselves eligible for seats on the Council.

The Council will be glad if you will answer the questions printed on the fly-leaf of this Circular, appending thereto your signature and address, which will be treated as confidential, and return the same to me, not later than Friday the 31st instant, in the enclosed stamped envelope.

To EDWARD TRIMMER, Esq.,

Secretary,

Royal College of Surgeons of England,

Lincoln's Inn Fields, W.C.

The following letter, dated the 6th of December, 1886, from Mr. John Marshall reporting, as representative of the College, the proceedings of the General Medical Council during their recent Session, was read and directed to be entered on the Minutes, viz.:—

Mr. Marshall's letter reporting proceedings of General Medical Council read, and to be entered on Minutes.

Letter.

To the President, Vice-Presidents, and Council of the Royal College of Surgeons of England.

GENTLEMEN,—

It is my duty to report to you that, by order of the General Medical Council, Mr. Edwin William Alabone's Qualification of Member of this College has been removed from the Medical Register; and, further, that this being Mr. Alabone's only registered qualification, his name also has been removed from the Register by order of the Medical Council.

The letter of your Secretary relating to Mr. Wm. Yelverton Davenport has been referred by the Medical Council to the Executive Committee.

I have also to report that all but two of the Licensing Bodies, to which, in common with this College, a letter was addressed by the Medical Council last June, asking for information as to their practice in respect to the recognition of Medical Schools, have expressed their willingness to afford such information, or have already afforded it.

A communication from the Medical Council will be or has been sent to the several Licensing Bodies, recommending that the following Resolution of that Council, dated May 22nd, 1885, should be carried into effect as soon as possible, viz. :—

“That at least four Winter and three Summer Sessions
“should be passed at a School or Schools recognized by any of
“the Licensing Bodies mentioned in Schedule A of the
“Medical Act.”

A difference of opinion was shown in the Council, not on the merits of the resolution, but on the necessity or desirability of calling further attention to it at present, by the fact that a majority of the Members present abstained from voting on the question.

The Medical Council has directed that steps should be taken with the view of making public a Resolution passed by it on April 21, 1883, relating to the undue employment of unqualified assistants. I beg leave, therefore, to quote that Resolution, so that it may appear on your Minutes. It is as follows :—

“That the Council record on its Minutes, for the information of those whom it may concern, that charges of gross
“misconduct in the employment of unqualified assistants, and
“charges of dishonest collusion with unqualified practitioners
“in respect of the signing of Medical Certificates required for
“the purposes of any law or lawful contract, are, if brought
“before the Council, regarded by the Council as charges of
“infamous conduct under the Medical Act.”

Lastly, I may take this opportunity of informing you, that the General Medical Council, as modified under the Medical Act of 1886, will probably assemble for business early in February next.

I remain,

Your obedient Servant,

10 Savile Row, W.
6th December, 1886.

JOHN MARSHALL.

It was thereupon resolved unanimously :

That the best thanks of the Council be and are hereby offered to Mr. Marshall for his efficient services as the Representative of the College in the General Medical Council.

Thanks of Council voted to Mr. Marshall.

A letter was read, dated the 16th of November, 1886, from Mr. J. T. Morton, of Cedar Grange, Caterham Valley, offering to provide the Funds for the institution of an annual lecture or lectures on Cancer and Cancerous Diseases, in the first place for three years as an experiment, leaving time for considering the wisdom of founding the lectureship either in perpetuity or for a lengthened period; and referred to the President and Vice-Presidents to consider the same, to confer thereon, should they think necessary, with Mr. Morton, and to report thereon to the Council.

Mr. Morton's proposal to institute a lecture or lectures on Cancer or Cancerous Diseases referred to President and Vice-Presidents to consider and report.

A letter, dated the 23rd of November, 1886, from Mrs. Frank Buckland was read, offering for the acceptance of the Council a Chair, made by her late husband out of the bedstead belonging to John Hunter, and the offer was accepted with the best thanks of the Council.

Mrs. Buckland's present of a Chair made out of bedstead of John Hunter, accepted with thanks.

EXTRAORDINARY MEETING OF THE COUNCIL ON THE
16TH OF DECEMBER, 1886.

At this Meeting the Report, dated the 6th of December 1886, of the Committee of Delegates, appointed by the Royal College of Physicians of London and the Royal College of Surgeons of England, in favour of the grant by the two Colleges of Degrees in Medicine and Surgery to persons who have passed their Conjoint Examinations was read, and with certain verbal alterations and omissions was approved and adopted.

Extraordinary Council, 16th December, 1886.

Report of Committee of Delegates of two Colleges on the question of the grant by them of Degrees in Medicine and Surgery read, and as altered, approved and adopted.

The Report, as altered, was referred to the Committee of Delegates with authority further to consider the whole subject to which it related, and to report thereon to the two Colleges.

The Committee have also to recommend that paragraph VI. Section II. of the Regulations of the Examining Board, which now provides that a Candidate “will not be admitted to the Examination in Elementary Anatomy and Elementary Physiology earlier than the end of his first Winter Session at a Medical School,” be altered so as to provide that a Candidate will not be admitted to that Examination “earlier than the end of his first “Winter Session or than the completion of his first six months' “attendance at a recognized Medical School during the ordinary “Sessions, *i. e.* exclusive of the months of April, August, and “September.”

Letter from Mr. Marshall reporting proceedings of General Medical Council read and to be entered on Minutes.

A letter, dated the 8th of March, 1887, from Mr. J. Marshall, Representative of the College in the General Medical Council, reporting the proceedings of that Council at its recent Session, was read and directed to be entered on the Minutes, viz. :—

Letter.

To the President, Vice-Presidents, and Council of the Royal College of Surgeons of England.

GENTLEMEN,

I have now to report to you that, at the last Session of the General Medical Council, the steps to be taken in reference to the Registration of Foreign Degrees in Medicine by Medical Practitioners already entered on the Medical Register were decided upon; and I may here remind the Fellows and Members of the College that the Registration of such Foreign Degrees as may have been obtained prior to the passing of the Medical Act of 1886 may commence on the 1st of June next, or on some other day in June to be appointed by the Privy Council. The application for the Registration of such Foreign Degree must afford information as to its date and character, and distinct proof that it was obtained after "proper Examination."

It has been considered desirable by the Medical Council to adopt a new standing order, to the following effect, viz. :

"Any application by a Registered Medical Practitioner for removal of his name from the Medical Register shall, in the first instance, be referred by the Branch Council to the Medical Authorities who granted the applicant his Qualification or Qualifications, to ascertain whether there is any valid objection to such removal."

The object of this is to prevent an obviously possible mode of escape from the penal removal of a name from the Register.

By far the most important motion adopted by the Medical Council at its recent Session was the following, viz. :

"That the Council being of opinion that it would be contrary to the interest of the public to have two competing Examining Boards sitting in London, and that it is desirable that the Royal College of Physicians of London and the Royal College of Surgeons of England and the Apothecaries Society of London should arrange to hold a Qualifying Examination conjointly, strongly recommend those Medical Authorities to reconsider their position with a view to such an arrangement; and meantime defer coming to a decision on the application of the Apothecaries' Society of London of the 12th February."

This Motion was carried first as an Amendment to an application to the Medical Council from the Society of Apothecaries for the appointment of Assistant Examiners in Surgery, pursuant to the Medical Act, 1886. In this form it was carried by 20 votes against 4, whilst 6 abstained from voting, and 2 were absent. As your representative at the Council, I could not support the proposition in question; but neither did I feel it my duty, as a Member of the Council, to offer direct opposition to an exceedingly widely and strongly expressed desire and opinion, that the three Medical Authorities concerned should again consider their positions.

At a subsequent stage, the President of the General Medical Council was requested to communicate to the several Bodies concerned the above-quoted resolution, and to take such further action in the matter as he might see fit. In due time it will be for this College to make its final authoritative reply.

Attention must be paid by this College to the fact that the Inspections of Examinations authorized to be made under the Medical Act, 1886, will come into force some time, and possibly soon, after June next. It is arranged that these shall for the first year be conducted by three Inspectors appointed for the whole Kingdom—one for the Examinations in Medicine, one for those in Surgery, and one for those in Midwifery. Special notifications concerning this subject will doubtless be made to the several Licensing Bodies as soon as the final arrangements for the Inspection are completed.

I have lastly to announce that the Registration of Diplomas in Sanitary Science can now be accomplished; and that the contemplated joint Diplomas of that character, to be given by the Royal College of Physicians of London and this College, will be registrable whenever they shall be duly presented.

I am,

Your obedient Servant,

JOHN MARSHALL.

Letter from

the General
Medical Council read, and
consideration
deferred to
Extraordinary
Council on
24th March.

The following letter, dated the 25th of February, 1887, addressed to the President, from the President of the General Medical Council, was read, and the consideration thereof deferred to an Extraordinary Meeting of the Council on the 24th of March, 1887 :—

Letter.

DEAR MR. PRESIDENT,

Medical Council Office, London,
February 25, 1887.

I have been desired by the General Medical Council to forward to you a copy of the following Resolution, passed on February 19 :—

“That the Council, being of opinion that it would be contrary to the interest of the public to have two competing Examining Boards sitting in London, and that it is desirable that the Royal College of Physicians of London, and the Royal College of Surgeons of England, and the Apothecaries' Society of London, should arrange to hold a Qualifying Examination conjointly, strongly recommend these Medical Authorities to reconsider their position with a view to such an arrangement; and meantime defer coming to a decision on the application from the Apothecaries' Society of London of 12th February.”

To this resolution I am unwilling to add much; but it is my duty to say that the General Medical Council has come to the conclusion, after very careful deliberation, that I should thus address you.

The Council, in the discharge of its statutory duties, in relation to the Medical Education of the whole Empire, is necessarily compelled to take a general view of the circumstances in which the country at large is placed, in respect of Medical Education, so long as there is a large number of bodies licensing independently, under the Medical Acts of 1858 and 1886.

It is the unquestionable duty of the Council to leave no means untried by which the Examining Corporations may be induced to combine for Examination purposes. They have already combined in Scotland. In England and in Ireland they have partially combined or are combining.

Should you* be induced to co-operate with the Society of Apothecaries of London, it is evident that one strong Licensing Body, to which no exception could be taken, would be constituted in London; that the system of inspection would be simplified; and that long discussion and suspense would be happily terminated.

I could indeed, were it not a liberty, write much in support of the wish of the Council, representing as it does every Medical interest in the Kingdom. I will, however, now only add that, by

* *I. e.* the two Colleges.

desire of the Council, I shall hold myself in readiness to confer with you on this matter at some convenient time, should that course appear to be desirable.

I have the honour to be,

Dear Mr. President,

Yours very faithfully,

HENRY W. ACLAND,

President of the General Medical Council.

The President of the Royal
College of Surgeons of England.

EXTRAORDINARY MEETING OF THE COUNCIL ON THE
24TH OF MARCH, 1887.

Extraordinary
Council, 24th
March, 1887.

The Council at this Meeting proceeded to the consideration of the letter, dated the 25th of February, 1887, from the President of the General Medical Council, forwarding a copy of the resolution adopted by that Council on the 19th ultimo strongly recommending the Royal College of Physicians of London and the Royal College of Surgeons of England and the Society of Apothecaries to reconsider their position with a view to an arrangement being arrived at by which these Medical Authorities may conjointly hold a Qualifying Examination.

of Apothecaries to Con-

solution by
which Council

cision already

bination with

ried *nem. con.*

That the Council having, on the 11th of November last, carefully considered a Report from a Committee appointed by the Royal College of Physicians of London and the Royal College of Surgeons of England, in which it was unanimously recommended that it was unnecessary and also undesirable that the two Colleges should combine for Examination purposes with the Society of Apothecaries of London, adopted *nem. con.* the recommendation of the Committee, and that the Council, having now further deliberately considered the recommendation of the General Medical Council in favour of such combination, see no reason to alter their previous decision.

ROYAL COLLEGE OF SURGEONS OF ENGLAND.

Address.

THE HUMBLE ADDRESS OF THE PRESIDENT, VICE-PRESIDENTS, AND
COUNCIL OF THE ROYAL COLLEGE OF SURGEONS OF ENGLAND

TO

HER MOST EXCELLENT MAJESTY

VICTORIA,

QUEEN OF GREAT BRITAIN AND IRELAND.

May it please Your Majesty,

We, the President, Vice-Presidents, and Council of the Royal College of Surgeons of England, humbly desire to express to Your Majesty, in this Year of its Jubilee, our grateful sense of the blessings we have enjoyed under Your Majesty's long and prosperous Reign. No student of our history can fail to recognize the many and great advantages that have been secured to us by Science, by the Arts, and by Legislation during the last fifty years, and we venture to say that in no department of knowledge has there been greater progress than in the science and art of Surgery.

But we are conscious that, however much of our happiness may be due to the general advancement of civilization, very much also we owe to the great personal influence for good Your Majesty

never fails to exercise on all occasions in which the welfare of the country and of Your Majesty's people is concerned.

We pray that Your Majesty may be long spared to reign over us, so that for many years to come the people of Your dominion may continue to be blessed by Your Majesty's life and example.

In witness whereof, We, Your Majesty's loyal and dutiful subjects, have caused the Common Seal of the College to be hereunto affixed this twelfth day of May 1887.

The following recommendations from the Committee on the Extension of the College Premises submitted to the Council by Sir James Paget, Bart., the Chairman, were approved and adopted, viz. :—

Recommendations from Committee of Extension of College Premises approved and adopted.

Extra Expense of Work Rooms sanctioned.

That, in accordance with the proposals contained in the Report of the Colleges' Land Committee, dated the 13th of December 1886, and entered on the Minutes of the Council of the 16th of December 1886, and with respect to the Report from the President, Senior Vice-President, and Mr. Marshall of the 27th ultimo, referred to the consideration of the Committee on the Extension of the College Premises, the Council do agree with the Royal College of Physicians that the vacant ground on the Embankment be occupied by Buildings suitable for such scientific purposes as may hereafter be resolved upon.

That the foregoing resolution be communicated to the Royal College of Physicians, and that it be referred to the Colleges' Land Committee to further consider the subject and report thereon to the two Colleges.

Recommendation declining conference with the Councils of University and King's Colleges also adopted.

That it is desirable that the two Colleges proceed, conjointly and independently of other Bodies, with their endeavour to obtain the right to confer Degrees in Medicine and Surgery; and that therefore it is at present inexpedient to hold a conference with the University and King's Colleges for the purpose of procuring further powers to grant Degrees in Arts and Sciences.

The Committee are of opinion that, with as little delay as possible, an addition should be made to the Library of the College, and with that object have adopted the following recommendations to the Council, viz. :

1. That the Library be enlarged by pulling down the House No. 39 Lincoln's Inn Fields, at present occupied as a residence by the Conservator, and that the space thus gained be added to the Library in the manner suggested in the plans submitted by Mr. Salter, the Architect, at an approximate cost of £2500.

2. That the House No. 38 Lincoln's Inn Fields, now occupied by Chambers on Annual Tenancies, which is reported by Mr. Salter to be in a most unsatisfactory condition, be also pulled down, and be converted into a residence for the Conservator.

With regard to the Report from the President, Senior Vice-President, and Mr. Marshall, the Committee recommend to the Council that it should be suggested to the Colleges' Land Committee that the Buildings to be erected on the vacant ground on the Embankment should be so arranged that they may be allotted between the two Colleges for their respective purposes of scientific investigation and exposition.

With respect to the increase in the Staff of the Museum, the Committee have to submit to the Council the following recommendation for approval, viz. :

3. That a Pathological Curator, the whole of whose time shall be at the disposal of the College, and who shall not be in practice, be appointed at a Salary of £500 per annum ; and that such assistance, involving a probable additional expenditure of £300 per annum, be employed in the Pathological Department of the Museum, as the Museum Committee may from time to time recommend to the Council.

The Committee reserve to a future Report the remaining questions referred to their consideration by the Council.

Abstract.

THE following are the purposes for which application is about to be made to the Crown for a Supplementary Charter :—

1. To enable the College to hold “lands, tenements, rents, and hereditaments” of annual value not exceeding £20,000, instead of £2000 as by present Charter.

2. To enable the Council to determine by Rules and Regulations, instead of, as at present, by Bye-Laws, the conditions of admission to the Fellowship by Examination; and to determine by Bye-Law, instead of by Charter, the Fees payable for such Fellowship.

3. To empower the Council to elect to the Fellowship Members of twenty years' standing, not exceeding ten (instead of two) in each year, on the payment of the same Fee as required for the Fellowship by Examination.

4. Secretary.

A letter was read, dated the 6th of June, 1887, from Mr. John Marshall, reporting, as the Representative of the College, the proceedings of the General Medical Council during their late Session, and the same was received and directed to be entered on the Minutes.

Mr. Marshall's letter reporting proceedings of General Medical Council, received and to be entered on Minutes.

To the President, Vice-Presidents, and Council of the Royal College of Surgeons of England.

Letter.

GENTLEMEN,

It is not only my duty to you, but a subject of congratulation to myself, to report to you that on the first day of the recent meeting of the General Medical Council, viz. on the 10th of May, I was unanimously elected President of that Body.

As, under the present constitution of the General Medical Council, its President must be chosen from amongst its own Members, I fully recognize the fact that it is to my recent re-appointment as your representative that I owe the opportunity of being elected to this important Office, on the resignation of my esteemed friend, Sir Henry Wentworth Acland.

The first important business transacted after my assumption of the Presidency was the adoption of a Resolution in reply to a communication from the Privy Council Office, in favour of the postponement, from the 1st to the 30th of June, of the "appointed day" on which the Medical Act of 1886 should come into operation.

This postponement, which has been effected by the exercise of a power granted to the Privy Council under the Act, has enabled the College to organize a Special Final Examination for a considerable number of Students who would otherwise have been unable to present themselves for the Pass Examination under the Conditions according to which they had commenced the Curriculum of Study necessary for obtaining the Diploma of this College.

After a prolonged, but, under the circumstances, an unavoidable discussion, the General Medical Council proceeded to appoint, for the ensuing year, Assistant Examiners in Surgery asked for by the Societies of Apothecaries of London and of Dublin, thus enabling those two Societies to fulfil those conditions of the Act of 1886 which will enable them to give a registrable qualification in Medicine, Surgery, and Midwifery.

The remaining official action of the General Medical Council, having relation to this College, was the appointment, under the 1887.

Medical Act of 1886, of three Inspectors of Examinations, viz., one each in Medicine, Surgery, and Midwifery, whose duty it will be during the year commencing in October next to inspect the Final Examinations of all the Licensing Authorities. The Inspectors appointed are:—In Medicine, Dr. David W. Finlay, of Middlesex Hospital; in Surgery, Dr. E. H. Bennett, of Dublin; and in Midwifery, Dr. A. H. F. Barbour, of Edinburgh.

Application will shortly be made to the several Examining Bodies to furnish, as a guide for the use of the Inspectors appointed by the General Medical Council, the dates of the Final Examinations for their respective Diplomas or Licenses.

I remain, Gentleman,

Your obedient servant,

JOHN MARSHALL.

10 Savile Row,
6th June, 1887.

The following resolution was thereupon unanimously passed by the Council, viz.:—

Best thanks of Council voted to Mr. Marshall, and congratulations offered to him on his election as President of General Medical Council.

That the best thanks of the Council be and are hereby given to Mr. Marshall for his efficient services as the Representative of the College in the General Medical Council, and that the congratulations of the Council be and are hereby offered to him on his having been unanimously elected President of the General Medical Council.

THE MUSEUM.

THE Hunterian Collection, which forms the basis, and still a large proportion, of the contents of the present Museum of the Royal College of Surgeons of England, was originally arranged in a building which its Founder, John Hunter, erected for it in 1784, behind his house in Leicester Square.

John Hunter died October 16th, 1793, aged 65. By his will he directed the Museum to be offered in the first instance to the British Government, on such terms as might be considered reasonable, and in case of refusal to be sold in one lot, either to some foreign state, or as his executors might think proper.

In the year 1799 Parliament voted the sum of £15,000 for the Museum, and an offer of it being made to the Corporation of Surgeons, it was accepted on the terms proposed by Government*.

In 1806 the sum of £15,000 was voted by Parliament in aid of the erection of an edifice for the display and arrangement of the Hunterian Collection; a second grant of £12,500 was subsequently voted, and upwards of £21,000 having been supplied from the funds of the College, the building was completed in Lincoln's-Inn-Fields, in which the Museum was opened for the inspection of visitors in the year 1813.

* The following are the Terms and Conditions on which the Hunterian Collection, purchased by Parliament, was delivered to the late Corporation of Surgeons; which Corporation having become dissolved, the Members thereof were re-incorporated by Charter, dated the 22nd day of March, 1800, under the Title of The Royal College of Surgeons in London:—

1st. The Collection shall be open Four Hours in the Forenoon of two days every week for Inspection and Consultation of the Fellows of the College of Physicians, the Members of the Company of Surgeons and Persons properly introduced by them; a Catalogue of the Preparations, and a proper Person to explain it, being at those times always in the Room.

2nd. That one Course of Lectures, not less than twenty-four in number, on Comparative Anatomy and other subjects, illustrated by the Preparations, shall be given every year by some Member of the Company.

3rd. That the Preparations shall be kept in a state of Preservation, and the Collection in as perfect a state as possible, at the Expense of the Corporation of Surgeons, subject to the annual Inspection and Superintendence of the Trustees.

4th. That there shall be a Board of Trustees, to consist of sixteen (increased to seventeen by the Lords of the Treasury in 1856) Members, by virtue of their Public Offices, and of fourteen others, to be appointed, in the first instance, by the Lords of the Treasury, and afterwards to be elected, as Vacancies may happen, by a Majority of the remaining Trustees.

5th. That the Museum shall always be open for the Inspection of all or any of the said Trustees, who are to take care that the Corporation of Surgeons perform their Engagements respecting the said Collection. That a day be appointed for the annual Inspection of the Museum, by the Trustees acting collectively as a Board; and that they are also to have quarterly Meetings, for the transacting of any Business relative to the Museum, and for the filling up of such Vacancies as may happen in the number of the Trustees; and that the Corporation of Surgeons shall engage some Person to officiate as Secretary to the Board upon such occasions, and to issue previous Notice to the Members, in which he is to state particularly whether any Vacancies are to be filled up by new Elections.

In consequence of the large number of additions, this building became too small for the adequate display and arrangement of its contents; and more space being at the same time required for the rapidly increasing Library, the greater portion of the present building was erected, wholly at the expense of the College, in 1835, at a cost of about £40,000, and the Hunterian and Collegiate Collections were re-arranged in what are now termed the Western and Middle Museums, which were opened for the inspection of visitors in 1836.

Further enlargement of the building having become necessary by the continued increase of the Collection, the College, in 1847, purchased the extensive premises of Mr. Alderman Copeland, in Portugal Street, for the sum of £16,000, and in 1852 proceeded to the erection of the Eastern Museum, at the expense of £25,000, Parliament granting £15,000 in aid thereof. The re-arrangement of the specimens was completed, and the additional portion of the building opened to visitors in 1855.

The Hunterian Collection was estimated to consist of 13,682 specimens, distributed under the following heads:—

Physiological Department, or Normal Structures.

Physiological preparations in spirit	3745
Osteological preparations	965
Dry do.	617
Zoological do.	1968
Fossils :—	
Vertebrate	1215
Invertebrate	2202
Plants	292

Pathological Department, or Abnormal Structures.

Preparations in spirit	1084
Dry preparations (including bones)	625
Calculi and concretions	536
Monsters and Malformations	218
<i>Microscopic preparations</i>	215

Of the additions by which the size and value of the Collection have been so materially increased since it came into the possession of the College, very many have been presented by Fellows and Members of the College, and other persons interested in scientific pursuits. Among the largest contributions from this source have been the Collection, consisting of 847 specimens, presented in 1811 by Sir William Blizard, and a valuable series of Pathological specimens presented in 1851 by Sir Stephen L. Hammick. At the same time the Council of the College have availed themselves of various opportunities as they have occurred to purchase specimens of interest, especially at the dispersion of private anatomical and pathological museums, as that of Sir A. Lever in 1806, of Mr. Joshua Brookes in 1828, of Mr. Heaviside in 1829, Mr. Langstaff in 1835, Mr. South in the same year, Mr. Howship and Mr. Taunton in 1841, Mr. Liston in 1842, Mr. Walker in 1843, and, deserving of especial mention on account of the great number and value of the specimens acquired, those of Sir Astley Cooper in 1843 and Dr. Barnard Davis in 1880.

The Histological Collection, of which the 215 Hunterian specimens (prepared by Hewson) constitute the nucleus, was chiefly formed by the late Professor Quekett, with considerable additions by purchase from Dr. Tweedy J. Todd, Mr. Nasmyth,

and Professor Lenhossek. It now contains upwards of 12,000 specimens, all arranged and catalogued so as to be readily available for reference.

The superintendence of the Museum is confided by the Council of the College to a Committee of its Members, which Committee has held six meetings during the last year.

A summary of the progress made in the preservation, arrangement, and augmentation of the Collection will be found in the following Report.

ANNUAL REPORT OF THE CONSERVATOR TO THE MUSEUM COMMITTEE.

(Presented July 4th, 1887).

PATHOLOGICAL DEPARTMENT.

THE additions to the Pathological Department during the past year number 121 specimens, besides Teratological specimens and Calculi, and are as numerous, valuable, and interesting as those of former years. Among them is the complete articulated skeleton of a man affected with osteitis deformans. The number of the additions to the Drawings and Photographs is rendered larger than usual by the presentation of a valuable collection of Drawings by Mr. Jonathan Hutchinson; also by the presentation of the collection of Mr. Oliver Pemberton, and some fifty Photographs accompanying the Jacksonian Prize Essay for 1886.

An Appendix to the Pathological Catalogue has been prepared by Mr. Frederic Eve, the Pathological Curator, and is ready for publication. It contains descriptions of nearly 400 specimens, constituting the additions to the Museum since the completion of the several volumes of the Pathological Catalogue, of which the last was published in 1885. The descriptions in this Appendix will be interleaved in the Catalogues in use in the Museum, and thus a complete record of specimens up to date will be accessible. Descriptions of the larger proportion of specimens added during this year are included in the Appendix.

The nucleus of a series of specimens for examination purposes has been formed.

The work, now for some years in progress, of revising and improving the Pathological collection by remounting some and placing other specimens in more suitable bottles, is completed.

It may also be remarked that a considerable number of pathological

specimens have been received for examination and report by the Pathological Curator, and that the material from such sources is rapidly increasing, and often furnishes valuable specimens to enrich the Collection.

DEPARTMENT OF COMPARATIVE ANATOMY.

The most noteworthy additions to Human Osteology during the past year are five skulls from the Hindu-Kush district of India, presented by Mr. Giles, F.R.C.S. These are probably the only skulls from that district yet obtained for any European Museum.

A Catalogue of specimens of the Skeletons of Mammalia other than Man available for exchange is nearly complete. Whilst making this Catalogue, numerous missing portions of specimens already contained in the published Catalogue of the Osteological Series have been discovered and restored to the skeletons of which they originally formed a part.

In view of the publication of a new Catalogue of the Osteology of Birds, a number of new skeletons have been added of species which have been hitherto unrepresented, or represented only by indifferent specimens. For liberal help in furthering this object, the Museum is greatly indebted to the kindness of Mr. J. Abrahams.

Besides valuable additions by gifts, the College has acquired by purchase a fine specimen of the egg of *Æpyornis maximus*, interesting not only from its size, but also from its having probably given origin to the Arabian tales of the Roc.

Examples of the skill of Mr. Pearson are to be seen in the dissection of the vessels and nerves of the abdomen, the muscles and nerves of the tongue, &c.

THE LIBRARY.

THE formation of a regular Library may be said to have commenced in the year 1801, at which time and in succeeding years presentations and bequests of books, often in considerable numbers, were made to the College—the principal donors being Dr. Baillie, Sir Everard Home, Sir Charles Blicke, the widow of Mr. Sharp, Sir Ludford Harvey, Dr. Fleming, Mr. Cotton, and Mr. Long. The Court of Assistants also directed from time to time the expenditure of small sums of money for the purchase of books, and eventually voted a sum of £100 per annum for this purpose. Sir Charles Blicke, in the year 1816, invested the sum of £300, the proceeds of which sum were to be devoted to the same object. Some of the purchases thus made were considerable, as in the cases of the Libraries of Mr. Pitt, Mr. St. Andre, and Sir Anthony Carlisle, and books of importance were added at the recommendation of the Conservator of the Museum and others. In this way a Library of considerable value was gradually accumulated, but it was only accessible to a limited number of persons. In 1827 active steps were taken to render it more generally useful, and with this object catalogues and extensive lists of desirable acquisitions were ordered to be prepared. Large sums of money were also expended during this and the ensuing two years, amounting in the aggregate to nearly £6000. A Librarian was appointed, and in 1828 the Library, then containing 10,500 volumes, was thrown open to members of the College, and all other persons engaged in the pursuit of natural science were freely admitted. This large collection, thus opened, offered great facilities to the studious. By means of extensive additions, the collection was well nigh complete in works on Medicine and Surgery, both domestic and foreign, whilst it was also very rich in publications relating to the accessory sciences. The transactions of Academies and Societies, and the collection of periodical publications in general, owing to their completeness, and the difficulty with which access can be obtained to this class of literature elsewhere than in large libraries, formed a valuable feature. The maintenance of the Library from that time to the present has involved a very considerable expenditure of the funds of the College. It has been the object of those to whose care it has been confided to ensure the completeness and excellence of the collection, and great facilities of reference have been provided by the preparation of additional catalogues and indexes of subjects. During the past year there have been added to the Library 404 volumes. The entire collection now consists of over 41,000 volumes.

The following is a list of the Donations that have been presented to the Library during the year 1886-87, viz. :—
